Independence • Accountability • Leadership

Mary Beth Harrell, and her husband, Bob, an army veteran, have always played by the rules—the middle class rules that you and your family live by.

They've worked hard, raised their family, obeyed the law, paid their taxes and voted. They've honored the golden rule: treat people the way you want to be treated. They taught their kids that honesty is the best policy.

Congress seems to have forgotten those rules. Mary Beth will lead by example to restore those rules; to bring independence, accountability and leadership to Congress.

Mary Beth Harrell will fight for you!

- ★ *For providing our servicemen and women with the equipment they need*
- ★ *For keeping promises to veterans and seniors*
- ★ *For affordable health care for you and your family*
- ★ *For American businesses and American workers*
- ★ *For a balanced budget and fiscal responsibility*
- ★ *For restoring trust and honesty to our government*
